# ABOUT OUR JUPITER PRO

Our proprietary AI trading system analyzes crypto futures markets 24/7, executing high-probability trades with an 92% success rate. Profits are automatically distributed to stakers after deducting a small platform fee. This symbiotic model allows us to offer industry-leading returns while maintaining sustainable growth.

Jupiter Pro is a Crypto company based in CANADA, with a research and development team at the forefront of the deep integration of artificial intelligence and blockchain technology. They have successfully developed a range of algorithms for deep learning and natural language processing, demonstrating exceptional performance in various fields, including image recognition, speech recognition, and natural language understanding. This work lays a strong foundation for future technological innovation.

# CORE MEMBERS

Jackrob Rustin

**MD**

Jackrob Rustin is a MD of Jupiter Pro. He had a experianced Crypto influencers. He has dedicated themselves to ensuring others are as informed about blockchain and cryptocurrency investing and trading as possible. Many have years of experience developing blockchains; some are business owners and entrepreneurs, and others are self-educated about crypto and trading and want to help others learn.

Lusija Paric

**MD**

Professor Carrieri's doctoral dissertation examined the importance of currency risk in European financial markets and the consequences of liberalization and monetary unification. Her ongoing research is focused on the impact of changes within the institutions of capital markets and, in particular, on changes in their integration. Professor Carrieri's research interests include asset pricing, international finance and time-series econometrics.

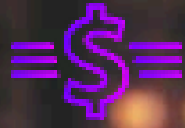

Ananda Mallik

**CEO**

Ananda Mallik, visiting fellow at the Peterson Institute for International Economics, is a principal at the Rhodium Group, a New York-based research firm. He is also an adjunct professor at Columbia University's School of International and Public Affairs (2001–present). Rosen was a member of the National Economic Council staff (2000–01), where he served as senior adviser for international economic policy.

# OUR BONUS

It is important to remember that we will be considered eligible for the bonus only if we can fulfill the correct steps by maintaining the sixty-fourty ratio of our total team business.

**Note:** We will continue to receive the bonus every three months. After three months, our bonus will stop. Only if we can grow the business by at least 20%, will we continue to receive the bonus for the next three months.

This bonus process will be applicable only one time. To get the second time bonus, you need to bring in Next Level Business Revenue.

=\$= Jupiter Pro

Level	Business Revenue	Bonus Rate
Level 1	\$5,000	\$100
